

# Enjoy a Premium "Ready to Run" Experience!

**The C44-9W "Dash 9"** - Available in Union Pacific and Southern Pacific  
- Fully assembled and ready to dominate the rails

Also Available\* with pre-installed DCC + Sound!

Returning for the first time since 2008, the C44-9W "Dash 9" from Kato USA has been returned to active service! This re-release features brand new road numbers for the **Southern Pacific** and **Union Pacific** and has been paired up with a new production run of Kato's exemplary Gunderson MAXI-IV articulated intermodal well cars!

Like the previous run of this classic diesel, these locomotives come fully assembled and ready to run from the factory, and are available in Analog as well as DCC and Sound Equipped variations on a built-to-order basis!

- ✓ Prototypically accurate detailing for Southern Pacific and ex-SP Union Pacific Locomotives!
- ✓ All details, including handrails and grab irons, factory installed - fully ready to run, from box to track!
- ✓ 100% Sound and DCC ready with a built in 8-pin plug and mounted speaker housing in the fuel tank!
- ✓ Illuminated LED ditch lights, head lights, and numberboards!
