

The El Capitan and Super Chief

The Perfect Pairing!

Revisit the golden age of The Atchison, Topeka & Santa Fe with the latest releases of the “El Capitan” and “Super Chief” Classic Name Train sets from Kato USA! Painstakingly reproduced, these sets capture these trains in miniature in a way that is designed to excite the senses and bring memories flooding back - whether they’re of the luxurious accommodations of the *Super Chief’s* first class sleepers, the unprecedented view of passing scenery from the upper deck of the *El Capitan’s* double decker lounge, or the sight of a combined *Chief’s* polished corrugated steel car bodies glinting in the midday sun as it streaked by.

Available to pull these named train sets are the classic Santa Fe Warbonnet equipment - both F7’s and, for the first time since 2004, ALCO’s signature PA-1’s - Also available in a **special release** Gold Bonnet paint scheme, a real scheme worn by the engine in 1946!
