

NEW EMD SD40-2

"Mid" Production versions roll out!

One of the most recognizable and classic freight locomotives returns to N scale with an all new series of paint schemes - joining the release from earlier this year of the EMD SD40-2 "Early" type locomotive, this release of "Mid" production type locomotives (with operational features like spring suspension, illuminated ditch lights, and road specific details) is ready to go to work on N scale layouts everywhere, pulling freight cars such as the new Gunderson MAXI-I 5-unit articulated well car sets, available now!
