

Modern Modeling Innovation in Motion...

HO Scale

GE P42 "Genesis" and Amtrak Superliners

Amtrak's flagship locomotive comes to HO scale from Kato USA in a big way, featuring modern prototype details, the latest paint scheme, and - new for US prototype HO models - a brand new drive mechanism that puts the power directly inside the trucks with a pair of smooth operating coreless drive motors and a weighted body that has to be held to be believed!

Available with an assortment of new HO Superliner Passenger cars and, for the first time ever, available with pre-installed DCC and Sound (ESU Loksound and Soundtraxx Tsunami available), the new HO P42 is available now at your local hobby store!

The new HO GE P42 and Amtrak Superliner I car releases below are available as of July 1st, 2013

Item #37-6101	NEW	HO GE P42 "Genesis" Amtrak Phase Vb #68	\$198 MSRP
