

A LEGEND REBORN IN HO SCALE

▲
Your ticket to the new
HO revolution!

Kato's HO GE P42 is equipped with the first generation of a brand new drive system that puts all the power exactly where it's supposed to be - in the trucks - just like the prototype! This new drive system benefits from coreless motors and a heavy weighted body that gives it unparalleled pulling power and silky smooth running performance at the slowest speeds!

Also a first for Kato in HO - premium sound and DCC from dual speakers, available in both ESU and Soundtraxx flavors, for the ultimate DCC Sound experience!

Shipping in Late December 2013
